On the remaining pages of your Social History Form, we are asking for serious personal reflection on your life and that of your family. We will ask for some past experiences as well as your hopes for the future. This information is required, so take these pages seriously. They will help us help you discern the direction of God's call. Follow the directions on each page. If absolutely necessary, you may add pages. After you have completed all of the pages, insert any additional pages in the appropriate place, staple all of the papers together, and send them to the Diocesan office. The address is on the final page. In addition to completed pages, please include:

A standard "Vita" or personal resume.

Two letters of recommendations: One from your Priest; the other from a Lay Person in your Parish.

These letters should describe how they feel about your desire to become a Postulant, your suitability at this time, your participation in the parish, and your relationships with your family and others in the parish and community.

SPIRITUAL AUTOBIOGRAPHY

Name _____

Now, having completed the proceeding pages, we would like you to write a spiritual autobiography. This is intended to be an important piece of work that should be done thoughtfully and carefully. It will provide us with some insight into your religious development.

Please describe the process of personal spiritual growth that led to your application to seek ordination. Include such information as your relationship as a young person to the Church and your religious experience at that time. Include the significant persons, events and experiences that have shaped your life and have led you to this point in your spiritual journey.

The autobiography should discuss the way you picture or imagine God in your personal relationship to Him as well as moments of special or closer than usual experiences of the presence of God.

It is assumed that all along the way, you have had discussions with your Priest. However, it is important that you give him an opportunity to hear your spiritual autobiography. You may add as many pages as necessary. When all of the Social History is complete, staple your work together and mail to:

Deaconness Program
The Episcopal Diocese of Ft. Worth

Don't forget the letters from your Priest and a Lay Person.
