

2025 Impact Report

Eph 3:20-21 Now to him who is able to do immeasurably more than all we ask or imagine, according to *his power that is at work within us*, to him be glory in the church and in Christ Jesus throughout all generations, for ever and ever! Amen.

Numbers

As in previous years, God worked powerfully through SOMA's ministry in 2025. We led several missions, attended the New Wineskins Missionary Conference, and I represented SOMA International (seven offices) at the Globe South Mission Conference Round Table in October. Mission teams served in the Diocese of the Arctic, the Kiryandongo Refugee Camp, Uganda, and the Diocese of Buenos Aires, Argentina. Each year, I make a conscious effort to engage both clergy and laity in our diocese to serve on SOMA missions.

This year, leaders in the Arctic Diocese and the Argentina Diocese were equipped for effective healing prayer. Seventy leaders in a refugee camp were trained to facilitating inner and trauma healing for children. 20 of those leaders served on four mission teams and ministered to 300 kids. Renewal, intercessory prayer, spiritual authority, empowerment of the Holy Spirit, and addition topics are foundational teachings on all SOMA missions.

Mission Testimonies

"I saw people accept forgiveness for things they had carried for years, even decades. I observed the Holy Spirit moving among His Church in ways that felt like they jumped right off the pages of the Book of Acts." - Fr. John Allen, Assisting Priest, Diocese of Fort Worth.

"I appreciate how the SOMA team carried themselves with humility in teaching. They exemplified how to steward God's gifts and authority in a non-threatening and compassionate way." - Archbishop Brian Williams, Province of South America.

"As I walked down the prayer line during one of the practicums (pairs of people praying for the other), a gentleman stopped me and asked, "What do I do?" I guided him through the steps we just learned. I literally had to feed him the words to pray. Then, we checked the person's shoulder who was receiving prayer. There was a slight improvement. After giving him more words to pray, again, we checked for progress. This time, there was a noticeable improvement! At that point, the man praying was so excited he didn't need me anymore. He jumped right in and prayed again on his own. After praying a third time, the shoulder was checked and there was a 75% improvement! Both men started jumping up and down." - Kyle Spradley, National Director.

Finances & Future Plans

SOMA is proud to be a responsible steward of its resources. We are currently operating under budget, showcasing our commitment to effective management. In 2026, we are excited to launch five missions, and we know that your support will be instrumental in achieving these ambitious goals. We invite you to stand with us in prayer and financial backing as we continue to make a significant impact by building up the body of Christ primarily by training leaders through short-term, cross-cultural missions around the world.

May God richly bless you,
