

What's happening in Sunday School?

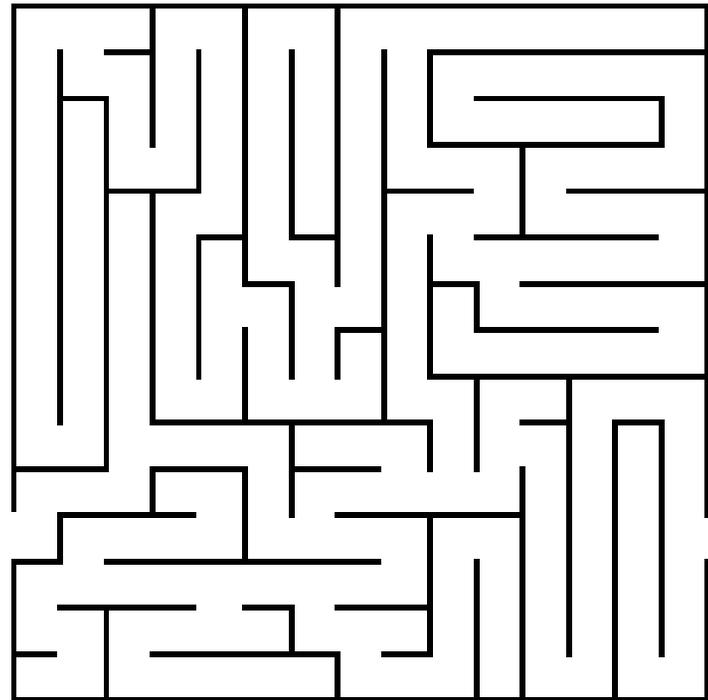

Today's lessons prepare us for the miracle of Jesus' birth. They remind us that what happened in the stable in Bethlehem was more than a baby's birth. It was the fulfillment of God's promises to his people. The lesson in Isaiah shows us God revealing his promise to Israel. They didn't choose how God revealed Himself, He told them. God has a plan and it will happen. In the Epistle, Paul writes to the Romans and reminds them of this same thing. God has a plan, and it will happen. The promises God made to his people were fulfilled through Jesus Christ. God's plan for salvation will change not only the nation of Israel, but all the nations on earth. God is in control and his people need to accept what he has revealed, and let it change their lives. Finally, in the gospel reading, we see God's plan lived out in the life of Joseph
